

Feeling the Heat

a song about climate change

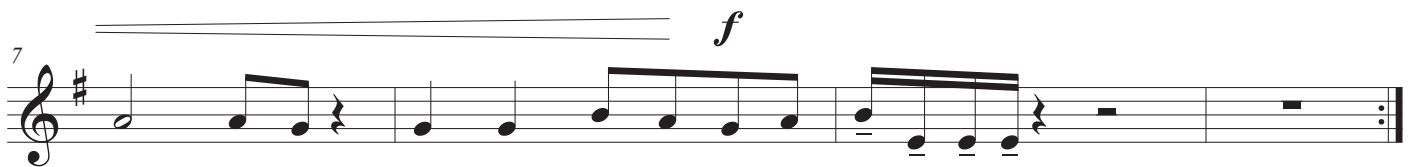

Sheena Phillips

With solemn energy ♩ = 80

A *p*

Heat ri-sing, Fires rag - ing,
Seas ri-sing, Rain pound-ing,

Ice melt-ing, Cli - mate chang-ing, We are feel-ing the heat.
Towns flood-ing, Cli - mate chang-ing, We are feel-ing the heat.

B *mf*

Did you know and do you care that bum - ble bees and po - lar bears and

o - cean cod and mount - ain hares are feel-ing the heat?

As the Earth heats up and the an - i-mals can't find food, As they

lose their homes and their whole way of life, They are feel-ing the pain.

o - cean cod and mount - ain hares and but - ter - flies and kit - ti - wakes and

32 *f*

co - ral reefs and spot - ted frogs are feel - ing the heat?

34 *mf*

We can do our best to help the bees, to

37 *f*

eat less meat and to plant more trees, But it's gon - na get rough.

40 *f*

As the Earth heats up things are gon - na be tough.
